

# Be a part of **GREYBRIDGE**

## WHY JOIN US

At Greybridge, we provide a flexible, balanced approach to work, life and everything in between. Do we expect our team to work hard and put the effort in? Of course but only as hard as we are prepared to work ourselves.

We don't expect you to turn up suited and booted (unless you have a meeting) nor do we want you to work 12 hours a day.

We encourage you to take a breather at lunchtime, the gym is just around the corner or there's a park right opposite our office.

## YOUR CAREER AT GREYBRIDGE

**Long-Term** – We have an impressive level of staff retention here at Greybridge and are prepared to fully invest in you as a valued member of the team.

**Your Desk Is Your Business** – We have an EMI Scheme including shares in the business for consultants who want to develop their ambitions and build up their own sector. Of course, if you just want to do a great job for clients and candidates and make some good money, then that's great too.

**Open Approach** – Bring your ideas and knowledge to the table. There is always room to improve any business.

**Training & Development** – We won't teach you to suck eggs but will give you what you need based on your experience.

**What We Don't Do** – No bell ringing every time you make a sale and we'll keep the high fives down to a minimum.

*"There's a real family feel to Greybridge. Despite being a professional company with experienced recruiters, Greybridge is a sociable place to work in, one where you're all in it together"*

## COMMISSION

Average Greybridge fees are between **£20k - £25k** (current record is **£60k!**)

**30%** Commission of fees paid monthly to everyone

**50%** Commission of fees paid quarterly to high achievers

We're pretty confident you won't find better in the UK.

## REWARDS & INCENTIVES

For the last four years, we have all jetted off for an annual European trip. It's a great way to spend time together out of the office and be rewarded for all our hard work. (Of course, we have to hit our annual targets to get this privilege!)

We also have quarterly dos, including Spa Days, 'Come Dine With Me' competitions and lots more.

## GIVING BACK

Every year, we get together to give something back. The challenge usually involves hills, mountains and mud.

It's hard work, great team bonding and of course raises much needed funds for a chosen charity.

## OUR LOCATION

You can find our Head Office in the heart of (mostly) sunny Leamington Spa, a stone's throw from shops, bars, restaurants, the cinema and gym.

We're just a few minutes away from Leamington Spa Station with direct trains to London, Birmingham or Manchester.

The M40 is a 5 minute drive away making commuting easy.

It's leafy, pretty and on the right side of busy.  
Voted the happiest place to live in 2017!

And finally...we have an office dog, who doesn't love a Pug?!

*"I really like the flexibility, I love how we can manage our own desks. Matt is so open to taking the desks in different directions that suit you or the way you work."*
